

Major in Artificial Intelligence, IIT Ropar

Provisional Scorecard

Name: Shubham Kumar Shivam

Batch ID: IITRPRAI-2408

Student ID: iitrprai_24081712

Semester / Course	Module	Weightage (%)	Score (out of 10)
Semester - 1	Mid Module A - Part A	5%	10
	Mid Module A - Part B	5%	10
	End Module A	15%	8.0
	Mid Module B	10%	9.4
	End Module B	15%	8.7
	End Semester 1 Exam	50%	6.0
Semester 1 - Final score			7.4
Semester - 2	Mid Module C	10%	10
	End Module C	15%	8.7
	End Module D	15%	8.0
	Module E (Capstone Project)	10%	9.3
	End Semester 2 Exam	50%	3.0
Semester 2 - Final score			5.9

Overall CGPA

6.7

Indian Institute of Technology Ropar
भारतीय प्रौद्योगिकी संस्थान रोपड़

masai®

Major in Artificial Intelligence, IIT Ropar

Note:

- The scores mentioned are not subject to regrading
- Students must score 3 CGPA or above in each semester to obtain the course completion certificate.
- Students must score an overall CGPA of 7 and above to be eligible for placement opportunities.
- Attempting the offline exam in both semesters is mandatory to clear the course

Mid Module Quiz - 10%

End Module Quiz - 15%

Module - D

End Module Quiz - 15%

Module - E

Capstone Project - 10%

End Semester 2 (Offline Exam) - 50%

Overall CGPA Calculation

Overall CGPA :

Overall CGPA refers to the weighted average of the scores earned by a student across all courses and Semesters in a program. It represents a student's overall academic performance and is calculated as:

$$\text{Overall CGPA} = \frac{\text{Final score of (Semester 1 + Semester 2)}}{2}$$
